# IAGES PRESIDENT WELCOME MESSAGE

**DR. K. GOVINDARAJ**  
**PRESIDENT, IAGES**

As President of the Indian Association of Gastrointestinal Endosurgeons (IAGES), I warmly invite surgeons to the Midterm Conference in Bengaluru this June.

This meeting offers an excellent opportunity to update knowledge, refine skills, and engage with leaders in minimally invasive surgery.

A special highlight will be the focused laparoscopic hernia courses, designed to provide practical insights into modern techniques and evolving concepts in hernia repair.

Along with hands-on training and academic discussions, the conference will foster meaningful interaction among peers.

Attending this midterm meeting will undoubtedly enhance clinical expertise and strengthen our collective commitment to advancing safe and effective gastrointestinal endosurgery.

Wishing the team headed by Dr. M. G. Bhat, Dr. Senthil, Dr. Kalaivani, and Dr. Ganesh Shenoy a grand success.

# IAGES SECRETARY WELCOME MESSAGE

**DR. ASHWIN THANGAVELU**  
**HONORARY SECRETARY,**  
**IAGES**

Dear Friends,

It gives me immense pleasure to invite you to the mid-term conference at Bengaluru.

The field of Minimally Access Surgery (MAS) is evolving at a rapid pace, with newer technologies like robotics and AI taking center stage. If we do not keep pace with these advancements, we risk falling behind.

Conferences such as this help us stay informed about the latest advances, newer techniques, and current evidence, ultimately helping us optimise care and improve outcomes for our patients.

The organisers are curating a scientific extravaganza in a wonderful venue, with FIAGES, FALS Hernia, and EFIAGES fellowship courses planned.

Great care has been taken to ensure this event is a memorable learning experience complemented by warm hospitality.

I look forward to meeting and interacting with you in person at Bengaluru.

Warm regards,

# ORGANISING TEAM WELCOME MESSAGE

Dear Colleagues,

The Garden City, Bengaluru, is all set to host an academic extravaganza with warm hospitality as we welcome you to MID-IAGES 2026: BLR, the National Mid-Term Conference of the Indian Association of Gastrointestinal Endo-Surgeons (IAGES), scheduled from 26th to 28th June 2026 at the Royal Orchid Resort & Convention Centre.

With the theme, "Pinnacle of Precision: Setting Standards in Endoscopic and Robotic Surgery," this conference is envisioned as a landmark event in minimal access surgery. Guided by experts across specialties, it aims to bridge the gap between conventional techniques and the rapidly evolving digital and robotic frontier.

MID-IAGES 2026 is thoughtfully curated to serve as both a rigorous academic forum and a comprehensive training hub—where skill, knowledge, and technology converge to foster innovation and excellence. The program will feature live operative workshops, evidence-based didactic sessions, literature-backed masterclasses, and cutting-edge discussions on innovations, including AI in clinical practice.

Key academic highlights include FIAGES, FALS (Hernia), and eFIAGES courses, alongside 4K live surgical workshops and opportunities for peer-reviewed scientific presentations. The conference also provides a dynamic platform for interaction, learning, and exchange of ideas among surgeons of diverse experience.

Beyond academics, Bengaluru's vibrant and serene environment offers the perfect setting for meaningful networking and professional camaraderie.

This milestone event is not only a celebration of academic excellence but also a tribute to the tireless efforts of our seniors, mentors, and colleagues who have shaped our journey. Our team is working relentlessly to deliver an enriching and memorable experience for all.

We warmly invite you to join us in this pursuit of excellence and precision. Whether you are a senior consultant or a postgraduate trainee, your presence will be integral to the success of MID-IAGES 2026.

We look forward to welcoming you to Bengaluru for a truly transformative academic experience.

## FIAGES GUIDELINES

**A candidate can apply in any ONE of the following categories:  
Exam Fellowship / Non Exam Fellowship**

### Eligibility criteria:

#### • IAGES MEMBERSHIP IS A MUST.

- Those who are not members may apply for membership online. See the website [www.iages.in](http://www.iages.in) for more details.
- Post graduate degree in surgery is mandatory.
- The number of years of experience in laparoscopic surgery should be a minimum of 2 years (including experience in laparoscopy as a postgraduate surgical resident).
- A resident or junior consultant should obtain a certificate of experience from the HOD of the hospital/Institution as a supportive document. Attach soft copies of the MBBS, MS, or DNB certificate and MC/ State registration certificate during membership registration.
- Members of collaborating associations who have signed an MOU with IAGES are also eligible. They are expected to get their application endorsed by the respective collaborating association prior to joining the course.

### (A) FIAGES: NON-EXAMINATION CATEGORY:

- Suitable for those candidates working as faculty in teaching institutions and all surgeons with more than 10-year experience in doing a laparoscopy.
- Already an IAGES member or applied for IAGES membership
- Number of laparoscopies done in the last 10 years: >250
- Would be eligible to receive the FIAGES fellowship on satisfactory completion of the FIAGES course and the informal interview.

### (B) FIAGES: EXAMINATION CATEGORY

- Suitable for those with a minimum of 2 years experience in laparoscopic surgery (Includes experience in laparoscopy as a postgraduate surgical resident).
- Fellow should have experience certificate from HOD, Employer or self if running own hospital.
- Fellow should present an online Log Book. Total 25 cases including all Assisted/ Operated laparoscopic surgeries.

### Logbook (For Exam & Non Exam Fellowship delegates only)

- Age/Sex/Surgery/Role/Post-op course/Complication/Remarks
- Role - Assisted/under supervision/independent (as drop down)
- Post-op course - Uneventful / Eventful (as drop down)
- Complications - Infection, Bleeding, Leak, Stricture, Obstruction, Others
- Remarks - Type the outcome of the event, if patient has been conservatively managed, Recovered, Diseased, Transferred, etc
- Assessment of FIAGES fellowship candidates will be conducted by IAGES Central Office.
- Suggested Reading: Any textbooks/ journals pertaining to Basic & Advanced Laparoscopic Surgery.

#### • MCQ Exam:

Time: 60 minutes

Maximum number of marks: 100

The exam will have 100 MCQ questions (single best response type).

The candidate has to be present at the venue in person.

- **Practical Examination:** Interview/assessment for approximately 10 minutes on each candidate. The candidates will be divided in to batches and interviewed by senior faculty members of IAGES depending upon the number of candidates. Maximum of 50 marks are allotted for the interview.

SCAN QR CODE FOR  
FELLOWSHIP REGISTRATION

**Endotrainer Evaluation:** The candidates will be divided into batches and examined by faculty members of IAGES. Maximum of 50 marks are allotted for the Endotrainer evaluation.

Outcome of written and practical assessment will be prepared by the organizing team, signed and sent to the President with a copy to Hon Secretary Office and FIAGES board and results will be published in the IAGES website.

Successful candidates would be expected to attend the subsequent annual conference and convocation to receive the fellowship certificate.

The Fellowship certificate would only be posted to the candidate if he /she fails to attend two consecutive annual congress/convocation.

## FIAGES COURSE OUTLINE

- 1.Introduction to FIAGES course
- 2.Overview of Endovision and Equipments for Laparoscopic Surgery
- 3.Guidelines for Sterilization and Disinfection of Laparoscopic Equipments
- 4.Principles of energy sources and their complications during Laparoscopic Surgery
- 5.Ergonomics
- 6.Principles of Safe Peritoneal Access and related complications
- 7.Knots & Sutures
- 8.Standard Lap Cholecystectomy
- 9.Difficult Lap Cholecystectomy
- 10.Management of Post Lap Chole CBD Injury
- 11.Lap CBD Stone Management
- 12.Complications of Lap Chole -Panel Discussion
- 13.Lap Appendectomy
- 14.Lap in Acute Abdomen
- 15.Anatomy of Groin & Abdominal wall
- 16.TAPP: Step by Step
- 17.TEP: Step by Step
- 18.Ventral Hernia – IPOM and IPOM Plus
- 19.ABC of AWR
- 20.Lap Hiatal Surgery (Lap Fundoplication and Lap Heller's)
- 21.Lap Splenectomy: Step by step
- 22.Pseudocyst of Pancreas, Liver Cysts, Liver Abscesses
- 23.Case Capsules: Lap Management of Colorectal Diseases
- 24.Introduction to Bariatric Surgery
- 25.Overview on Robotic Surgery: Present status and future prospects
- 26.Endoscopy for Surgeons

### Panel Discussions

- Hands on Suturing on an Endotrainer
- 1.Demonstration by faculty
  - 2.Session wise Training by delegates/ under supervision

### Meet the Professor Sessions

### Live Surgical Workshop

## FALS GUIDELINES

**A candidate can apply in any ONE of the following categories:  
Exam Fellowship / Non Exam Fellowship**

### Eligibility Criteria:

- **IAGES MEMBERSHIP IS A MUST.**
- Those who are not members may apply for membership online. See the website [www.iages.in](http://www.iages.in) for more details.
- Surgeons should have completed 3 years post MS/ DNB.
- Members of collaborating associations who have signed an MOU with IAGES are also eligible. They are expected to get their application endorsed by the respective collaborating association prior to joining the course.

### 1. Non-Examination category

- Surgeons who have been doing laparoscopic surgery in the chosen field (Hernia) for 10 or more years are eligible for Non-Examination Category.
- Candidates should have performed more than 100 laparoscopic surgeries in the chosen subspecialty (Hernia) and need to submit a logbook to substantiate the claim.
- All the candidates will be interviewed by the IAGES board for final assessment before the award of fellowship.

### 2. Examination Category

- All surgeons with a minimum of 3 years experience in the chosen specialty of laparoscopic surgery (Hernia). (Includes experience in laparoscopy as a postgraduate surgical resident).
- The applicant should have performed over 25 laparoscopic procedures in the chosen specialty (Hernia) either jointly or independently.
- All the candidates would appear for MCQ assessment and Viva by the IAGES FALS board for final assessment during the forthcoming annual national conference before awarding the fellowship.

### Logbook

Age/Sex/Surgery/Role/Post-op course/Complication/Remarks

Role - Assisted/under supervision/independent (as drop down)

Post-op course - Uneventful / Eventful (as drop down)

Complications - Infection, Bleeding, Leak, Stricture, Obstruction, Others (type if others) as drop down

Remarks - Type the outcome of the event, if patient has been conservatively managed, Recovered, Diseased, Transferred, etc

- Assessment of FALS Hernia fellowship candidates will be conducted by IAGES Central Office.
- Suggested Reading: Any textbooks/ journals pertaining to Basic & Advanced Laparoscopic & Robotic Hernia Surgery.

### • MCQ Exam:

Time: 60 minutes

Maximum number of marks: 100

The exam will have 100 MCQ questions (single best response type).

The candidate has to be present at the venue in person.

- **Practical Examination:** Interview/assessment for approximately 10 minutes on each candidate. The candidates will be divided in to batches and interviewed by senior faculty members of IAGES depending upon the number of candidates. Maximum of 50 marks are allotted for the interview.

## FALS HERNIA COURSE OUTLINE

### Inguinal Hernia, Diaphragmatic Hernia , Ventral Hernia

1. History & Evolution of Laparoscopic Hernia Surgery
2. Endoscopic Anatomy of Inguinal Region
3. Mesh/Fixators/Sutures & Sealants for Hernia Repair
4. Laparoscopic Inguinal Hernia Repair- What does the evidence say?
5. Role of Robotics in Hernia Surgery
6. Difficult Groin Hernias- Giant, Recurrent, Incarcerated
7. Complications of Lap Inguinal Hernia Surgery (Except Recurrence)
8. Chronic Groin Pain – Is It A Myth or Reality? How to Tackle?
9. Recurrence After Lap Inguinal Hernia- Factors & Solutions
10. Laparoscopic Management of diaphragmatic – Hernias
11. Laparoscopic Management of Hiatal Hernia
12. Laparoscopy in Emergency Hernia Surgery
13. TAPP- Elucidating the techniques & Key to Success
14. TEP- Elucidating the techniques & Key to Success
15. eTEP for Groin hernia Ventral & Incisional Hernia
16. Surgical Anatomy of Abdominal wall
17. Abdominal Incision Closure and preventing hernias
18. Well prepared is half done- Imaging in Hernias
19. Pneumoperitoneum, Botox
20. Complications of Laparoscopic Ventral Hernia Repair
21. e-TEP- RS + TAR
22. TARM
23. SCOM, SCOLA, eMILOS
24. Suprapubic, Epigastric & Sub Costal Hernia Repairs – Problems & solutions
25. Parastomal Hernia Repair – Tips & Tricks
26. Lumbar Hernias and denervation bulges
27. Ventral Hernia Algorithm – Which Procedure is the best in this Patient?
28. Hernia repair in the morbidly obese
29. Complex Hernias – Complex Solutions?
30. Lap. Ventral Hernia Repair (IPOM, IPOM Plus)
31. Anterior Component Separation – Open & Laparoscopic
32. Posterior Component Separation- Tips & Tricks

## EFIAGES COURSE OUTLINE

1. Welcome address by President
2. Live demonstrations of diagnostic and therapeutic Endoscopy and colonoscopy
3. Endoscopy Hard ware
4. Endoscopy room setup & check lists
5. Endoscopy : when to do and when not to do informed consent
6. Endoscopy step by step
7. Demonstration of upper GI endoscopy With simulators
8. Endoscopic atlas of Upper GI Pathology
9. Endoscopic recording/documentation /Reporting
10. Energy Sources for Flexible endoscopy
11. Role of Endoscopy in cases of dysphagia other than Malignancy
12. Role of Endoscopy in Upper GI bleeding
13. Role of Endoscopy in GERD and Achlasia
14. Role of Endoscopy in FB Upper GI tract
15. Therapeutic upper GI endoscopy and Role of Endoscopy in Upper GI malignancy
16. Prevention and management of Complications of Upper GI Endoscopy
17. Colonoscopy Hard ware Indications Preparation
18. Colonoscopy step by step
19. Virtual Live Demonstration of Upper GI Endoscopy And Colonoscopy
20. Colonoscopic image atlas
21. Image enhancement endoscopy and colonoscopy
22. Recorded demonstration of colonoscopy
23. Guidelines and management in Therapeutic Colonoscopy
24. Role of EUS in today's diagnosis and management
25. Complications due to Colonoscopy
26. Advances in GI endoscopy
27. Role of Endoscopy in Obesity
28. ABC of ERCP
29. Role of Endoscopy in the era of laparoscopy
30. Hands on experience with various endoscopy simulators
